Profile

Aspiring Software Engineer with a strong foundation in programming, web technologies, and machine learning projects. Passionate about building innovative solutions and continuously improving technical skills.

Education

Nandha Engineering College

B.E Computer Science and Engineering (2023–2027)

CGPA : 8.0

PKPSMHSS

- HSC (2023) – 67%
 - SSLC(2021) – All Pass
-

Technical Skills

- **Programming Languages** : C, Java, Python
 - **Web Technologies** : HTML, CSS
 - **Tools** : VS Code, Google Colab, MS Word, PowerPoint
-

Projects

Venba Poultry Farms

Served as a UI/UX Design Consultant, creating wireframes, prototypes, and frontend designs using Figma. Improved the application's usability by delivering an intuitive and user-friendly interface.

Traffic Violation Detection

Developed a deep learning-based traffic violation detection system for real-time monitoring of road safety. Automated the detection of helmet violations, red-light jumping, and mobile phone usage to improve traffic law enforcement.

Civik-Link

Developed a real-time road hazard reporting platform that enables users to report road issues through image-based submissions. Improved public safety by facilitating faster identification and resolution of road hazards.

Hotel Management System

Developed a web-based hotel management system using HTML, CSS, and JavaScript to streamline room booking and guest management operations. Designed a user-friendly interface to improve operational efficiency and enhance the overall user experience.

Internship

Admire Solution(15 days)

Edu robot: Completed training on Retrieval-Augmented Generation (RAG) and Large Language Models (LLMs), gaining foundational knowledge of AI concepts.

Shellkode(15 days)

Conversational Voice-to-Voice English Assistant: Observed the development of a conversational voice-to-voice English assistant and gained exposure to speech-based AI applications.

Certification & Achievements

- **NPTEL:** Cloud Computing with 54%.
- Published a paper in an IEEE Conference on Heart Disease Prediction.
- Participated in a National-Level Hackathon at SSN College of Engineering, Chennai.
